EDUCATION

University of Washington, Tacoma, WA – (Expected 2027)
GPA: 3.9; Pursuing a BS in Computer Science

Pacific University, Forest Grove, OR – (Transferred 2025)
GPA: 3.8; Completed 26 semester credits; Player on Pacific Men's Basketball Team

Tacoma Community College – (Graduated June 2024)
A.A in Computer Science; Captain of TCC Men's Basketball Team; American Ethnic and Gender Studies (AEGS) Certificate
GPA: 3.99; Graduated with High Honors

TECHNICAL SKILLS

Experienced With: Java, C, C++, Erlang, JavaScript/TypeScript, Python, R
Technologies/Environment: GitHub, GitHub Codespaces, Eclipse, IntelliJ

WORK EXPERIENCE

Tacoma Community College SEM Tutoring Center (April 2023 – June 2024)
Math and Computer Science Tutor

- Tutored approximately 30 students per week in both math and computer science in TCC's busy drop-in tutoring center. Helped students understand concepts/topics introduced by their professors and complete homework while sharing and practicing test taking and study strategies.

Vista Properties (June 2021 – September 2025)
Building Maintenance and Repair

- Worked as part of a team to complete various maintenance and cleaning tasks as well as larger projects including painting, floor installation, and machine repair/maintenance in residential buildings.

Parks Tacoma (June 2025 – June 2026)
Lifeguard (American Red Cross Certification in First Aid, CPR, and Deep-Water Rescue)

- Monitored pool area to ensure customer safety. Provided excellent customer service by answering questions, providing guidance, and maintaining a welcoming environment for patrons. Attended weekly training where we review rescue scenarios, CPR, and first aid procedures.

City of SeaTac (June 2026 – September 2026)
Seasonal Lifeguard (American Red Cross Certification in First Aid, CPR, and Open-Water Rescue)

- Monitored lake area to ensure patron safety. Provided excellent customer service by answering questions, maintaining a safe environment for patrons, and preventing drownings. Attended weekly training where to review rescue scenarios, CPR, and first aid procedures.

Programming Experience (See GitHub)

Puget Sound Programming Competition Fall 2025 and Spring 2026
Participated in the Fall 2025 and Spring 2026 Puget Sound Programming Competition. Along with two classmates, I competed on a team putting our problem solving and coding skills to the test. I improved my creative problem skills and ability to work with others in a time-constrained and pressure filled situation. In the Spring 2026 competition, my team placed 5th.

UW Tacoma Hackathon
Participated in the Spring 2026 hackathon ran by UW Tacoma. I had 24 hours to create an original project. After the completion of the project, I presented my work to a judges panel where they evaluated my work in comparison to other participants. I ended up creating a BlackJack game. This project is in my GitHub portfolio linked above if you want to check it out.

Programming Projects
I have completed numerous projects, both individually and as part of a group. Please visit my Github linked above to see examples. Projects include: a Trivia Maze Game (Java), a BlackJack game (Java), an investment calculator (C++), and the game In Between Hand (C++). While most of my programming experience has been in Java and C++, I have varying levels of experience using C, Python, Erlang, and JavaScript/TypeScript.

COURSEWORK & AWARDS

Notable Coursework: Programming Practicum, Software Development & QA, Data Structures, Algorithms**,** Intro to Python and Git**,** Calculus (I, II, III, IV), Linear Algebra, Physics (I & III), Probability and Statistics

Academic Honors and Awards: Dean's List Every Quarter at TCC and UWT, TCC Foundation Scholarship Recipient (2022-2024), TCC Athlete of the Year (2024), Member of TCC Chapter of Theta Chi Alpha (2024), UWT Next Steps Scholarship Finalist (2024), UWT Merit Scholarship (2026), President's Award for Academic Achievement in High School (2022), Washington State's Honors Award for Top 10% of WA's Graduating H.S. Seniors (2022), National Honor's Society Member (2021-2022)
